News from the Golf Course

The end to a long summer is finally here. The daytime temperatures may not reflect it but the nights are very nice lately. I for one, and I am positive that most all turf managers are very happy to see fall approaching sooner than later.

This summer brought extreme temperatures and excessive rainfall to our area for most of the spring and much of the summer. These conditions led to the decline of our bentgrass greens and recovery has been slow to this point. We have seeded many bare areas on the putting surfaces and have kept the golfers off of the worst areas with hopes of a faster recovery period leading up to our tournament season. Our efforts have been successful to a point but much more work is to be done. This may keep play off of some of these greens except for tournaments and outings. Please be assured that our staff is doing everything in our power to make this process successful and lasting. Thank you for your support.

Soon it will be time to start cleaning up leaves and preparing the course for what hopes to be a good winter season.

As always it is our purpose to provide our members and guests with the best playing conditions possible on a daily basis. Sometimes the factors that lead to these successful conditions are out of our hands and lay in the hands of Mother Nature. We look forward to a full recovery and great playing in the near future.

David Farris, Golf Course Superintendent, and Staff

"Meet the Members"

Each month in the newsletter, we have a brief write-up about a selected member or members here at Rolling Hills. This will help to introduce our members to the entire club as well as share interesting memories and information about our club in general and members in particular. Featured in the September newsletter is Sherrill and Sharon Gunn. Please read about them as they share their RHCC experience with us.

Sherrill and Sharon Gunn joined Rolling Hills in March of 1996. Sherrill is originally from Arkansas, and Sharon grew up in Kansas. We have two daughters and six grandchildren; however, none of them live in Paducah. We enjoy traveling to watch our grandson play baseball and our granddaughters perform in ballets.

When we joined Rolling Hills, the golf course was a challenge for us since we moved from a flat course with bent grass greens to a “rolling hills” course with bermuda greens. Now, we love the challenges and character each hole at RHCC brings.

Sherrill retired from USEC in 2014 and joined the Geezer Golf Association. He has really enjoyed playing with the group and getting to know each of them. Sharon retired from Regions Bank in 2010. She played with the Ladies Night League for 14 years while she was still working and joined the Day League when she retired. Sharon is currently serving the Ladies Day League as President.

We both love to play golf and play four to five times a week during the season. We also enjoy watching golf whether it is on television or attending PGA or LPGA events. We really enjoy watching the children of our members grow up on this course and become golfers.

We enjoy traveling and playing golf and have played golf in at least 15 different states. We hope to add to that number since we are both retired.

Our church, our friends, and RHCC are the reason we call Paducah our home.
